Public Comment Disclaimer: I have read and understand the Public Comment Disclaimer.

Comments: I would like to see more consideration for a wall and screening trees on the strip of land between 122 and maplewood as well as in front of the homes directly on 122 on the hilltop side. For example, in Westborough near the bay state commons development downtown a neighborhood was screened with both a wall and trees. It is the right thing to do to lower the impact of what could be severe back up of traffic, tractor trailers, as well as accidents.
